A DAY IN EUROPE

LET MEET US @ SPAZIO_EUROPA

Comenius Project
“Dynamic Citizens of Europe”

The “*Spazio Europa*” is a public space located in the center of Rome, managed by 'Information Office for Italy of the European Parliament and the European Commission Representation in Italy, with the aim of promoting knowledge and debate on European issues, in particular on issues of interest to young people.

A multipurpose space for informal and interactive meetings, conferences, exhibitions, as well as training and information on Europe.

There are educational tours designed for school-age children (8-18 years). The activities are carried out by a group of expert facilitators in techniques of non-formal education.

“*Spazio Europa*” is also a meeting point for young people and the education community, hosting debates and exchange of experience on learning, mobility and active participation in European citizenship.
